About Me

As a Junior **Frontend Developer**

with 2.5 years of experience at Glomil Technology, I have developed a solid foundation in modern web technologies, including HTML, CSS, JavaScript, React.js, Next.js, Bootstrap, TailwindCSS, and TypeScript. I am passionate about building user-friendly and visually engaging web applications, with a strong focus on clean code and responsive design.

My ability to adapt to evolving technologies, combined with strong problem-solving, project management, and teamwork skills, allows me to contribute effectively to collaborative projects. I approach each task with a solution-oriented mindset and a commitment to continuous professional development. I strive to deliver high-quality digital experiences that align with both user needs and business goals.
